Proclus was the most important philosopher of late antiquity, a dominant (albeit controversial) voice in Byzantine thought, the second most influential Greek philosopher in the later western Middle Ages (after Aristotle), and a major figure (together with Plotinus) in the revival of Greek philosophy in the Renaissance. Proclus was also intensively studied in the Islamic world of the Middle Ages and was a major influence on the thought of medieval Georgia. The volume begins with a substantial essay by the editor summarizing the entire history of Proclus' reception. This is followed by the essays of more than a dozen of the world's leading authorities in the various specific areas covered"-- Our orders are sent from our warehouse locally or directly from our international distributors to allow us to offer you the best possible price and delivery time.
