THIS TEXTBOOK WILL HELP YOU TO PASS YOUR MICRO-TEACH FIRST TIME AND TO PREPARE YOUR MICRO-TEACH FOR TEACHING-RELATED JOB INTERVIEWS. Micro-teaching is an essential element of the Award in Education and Training (AET), forming part of the unit entitled: Understanding and Using Inclusive Teaching and Learning Approaches in Education and Training. The topic is often covered as a short chapter in most textbooks and stops short of providing a step-by-step practical guide or providing useful guidance for preparing for teaching-related interviews, where a micro-teach is virtually guaranteed as part of the interview and selection process. An effective micro-teach is well researched, takes account of the audience's prior learning, knowledge and experience wherever possible, is meticulously planned, effectively practiced and delivered with confidence. It is then thoroughly evaluated and improvements and enhancements are carefully planned and executed before a future micro-teach or a lesson is delivered. This can be viewed as a form of continuous quality improvement. This textbook is aligned to recent changes in the further education and skills sector and shows you how to use such changes to inform your micro-teach research, planning and delivery and in this respect be on par with if not ahead of other candidates at interview. This textbook can be used by itself or as a complementary publication to the following textbooks by the same author: Achieving your Award in Education and Training: The Comprehensive Course Companion Or Achieving your Award in Education and Training: The Comprehensive Course Companion (Special Edition) The principal benefits to the reader of this textbook are as follows: It is written by an experienced practitioner...
