Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Hello World 5000 can be called a children s story, if you re a child, that is, who s either secretly or noticeably intelligent, slightly on the sad side, possessing a fine vocabulary, and who has perhaps even grown embarrassingly tall and has a job. The story begins with a boy named Royal. Royal was named after a typewriter and raised by The Master, Eduardo Aquifer XXVII, the last in a 500 year old line of unpublished authors who runs St. Millar s Writing Academy for Illiterate Orphans, and where Royal and Olympia, the two main protagonists grow up together. Upon leaving St. Millars, Royal joins the other children of the region who travel the Wire like an undersized French Foreign Legion, along the way delivering cargo without asking questions and trying to evade Feudal Lee, the orchestrator of The Big Dark, as they call the revolution that both evicted parents from their lives and broke history, replacing it instead with the programs run on the Wire. As they travel the Wire they encounter other Digital Natives. At each of these orphaned tribes border they face a Gulag, a challenge which if they are lucky enough to pass through takes them to the Keep, and then the Tell where a Wisenhut (a schoolroom) connects to the Wire and brings a new lesson, development, or death. What is their cargo? What happens when they reach Zero Pole at the end of the Wire, and what does a world without parents look like? Are bedtimes good or bad? Who can raise children better, the state or parents? All these questions and more are raised and answered in this exciting, funny...
